Red Rubber Grease

Rubber compatible grease

The logo for MOLYSLIP, featuring the brand name in a bold, italicized, sans-serif font. The 'M' and 'S' are larger and more prominent, with 'OLY' and 'LIP' in smaller letters between them. A registered trademark symbol (®) is located at the end of the word 'SLIP'.

Description

Red Rubber Grease (RRG) is a high-quality lubricating grease manufactured from natural triglycerides and an organo-modified clay combined with corrosion and oxidation inhibitors that is specifically designed to be compatible with natural and synthetic rubbers. It is also highly resistant to dissolution by hydrocarbons such as mineral oils and solvents.

RRG is designed for use on automotive brake assemblies, rubber components, hydraulic components, gland packings and as an assembly lubricant for seals.

Features and benefits

- Mineral oil and hydrocarbon free
- Resistant to hydrocarbons
- Wide operating temperature range
- Compatible with natural and synthetic rubbers

Instructions for use

RRG should be used as supplied. Ensure surfaces are clean and dry prior to application. Apply a thin, even coating as required.

Storage

RRG should be stored in original, unopened packaging, out of direct sunlight at temperatures between 5°C and 35°C. The most up to date shelf life information for Molyslip products can be found on the certificate of analysis issued at the time of manufacture.

Packaging and product code

Code	Pack
M333005	500g tin
M333045	4.5kg pail
M333065	180kg drum

Technical data

Red Rubber Grease

Rubber compatible grease

Technical data

Property	Test method	Result
Appearance	-	Smooth red grease
Consistency	IP 50	NLGI 2/3
Worked penetration	IP 50	230 – 270 mm ⁻¹⁰
Thickener	-	Organoclay
Drop point	IP 396	>300°C
Base oil type	-	Natural triglyceride
Effective temperature range	-	-40°C up to +120°C

Note: these values are typical only and do not constitute a specification

Limited warranty information

The information contained herein is offered in good faith and is believed to be accurate. However, because conditions and methods of use of our products are beyond our control, this information should not be used in substitution for customer's tests to ensure that our products are safe, effective and fully satisfactory for the intended end use. We accept no liability for any loss and/or damage arising from a failure to store out products in accordance with the information contained in this technical sheet. Metalube Group's sole warranty is that our products will meet their quality control specifications in effect at the time of shipment. Your exclusive remedy for breach of such warranty is limited to refund of purchase price or replacement of any product shown to be other than as warranted. To the fullest extent permitted by applicable law, Metalube Group specifically disclaims any other express or implied warranty of fitness for a particular purpose or merchantability. Metalube Group disclaims liability for any incidental or consequential damages.
